Bombay Cat Owner's Manual. Bombay Cats Facts and Information. Care, Personality, Grooming, Health and Feeding All Included. Elliott Lang 2014-04-04 Everything you need to know about keeping a bombay cat as a pet. This is another very informative book by Elliott Lang. As an animal lover, he enjoys writing animal books and advising others how to take care for their animals to give them a happy home. This book is a must have guide for anybody passionate about bombay cats. Bombay Cats Facts and Information. Care, personality, grooming, health and feeding all included. The book is written in an easy to read and understandable style. In a straight forward, no nonsense fashion, Elliott Lang covers all aspects of keeping bombay cats as pets. I have always been in the company of animals. That is the one thing I am most thankful for. My lovely pets have always been around to provide unconditional affection and love when I needed it the most. My father was instrumental in making me grow fond of animals. He always kept me around animals. I guess he was trying to help me learn how to be tolerant and loving from these amazing creatures. Trust me, some of the biggest life lessons that I have gained have come from these beautiful creatures. My family, too, has always been hands on with the pets in the household. Whether it was bathing, feeding or taking care of these animals, my family relied on pure instincts and ensured that the animals go the best of everything. These animals were the centre of all our activities. There was not a single day that did not begin with a discussion about these pets. What to feed them? How to take care of a cat or dog that is ailing? What is the most nutritious thing to feed them? These were common dinner table conversations while I was growing up. So, needless to say, I have had a lot of practical training with respect to taking care of different breeds of animals. Sometimes, I learnt from my family and sometimes, your pet will just tell you what he or she needs. Today, I am in a very privileged place where I can share this information with pet lovers across the globe. I would have never been able to provide you with so much comprehensive information without the knowledge that I gained from my father, my family and of course my beloved cats.

Korat Cats. Korat Cat Owners Manual. Korat Cat Care, Personality, Grooming, Health, Training, Costs and Feeding All Included Robert Ronderdale 2015-01-08 The Korat cat is not only one of the oldest natural domestic cat breeds; it is also a very unique breed. One prominent thing about the breed is certainly it's appearance. Unlike most cat breeds whose heads are wedge-shaped, that of a Korat cat is heart-shaped. Indeed, most proud Korat cat owners point out that the Korat is the only cat with three hearts; one visible when the cat is viewed from the front, the other visible when the cat's head is viewed from above and the actual heart inside the cat's body. The other unique thing about Korat cat is its coat. A pure-bred Korat cat has a single coat with short hair that is very easy to groom. The hair is however unusual. All pre-bred Korats have hair in the same colour; silver-tipped blue. The Korat also happens to be one of the very few natural cat breeds whose traditional characteristics and behaviour have not been altered in any way through breeding programs. The uniqueness in this breed is one of reasons why many homeowners, families and cat lovers decide to buy the Korat cat. In addition to it's uniqueness, the cat also has a very good character and temperament, which makes it one of the best indoor cats anyone can have at home as a pet. It is indeed not surprising that the breed's popularity that has remained low over the years is fast rising right across the world. I happen to have had parents who were very fond of cats, to a point where they kept different cat breeds at any given time. Our home was similar to a cattery. The experience of living with such diverse cat breeds, as I now realize, was very beneficial. Not only did I become fond of cats, I have gone a step further and ventured into breeding and showing cats. Covered in this book: - General information - What to know before you buy - Bringing your cat home - Feeding - Grooming - Health - Breeding - The aging cat - Costs - General tips and advice ... and much more

Bengal Cats. Bengal Cat Owners Manual. Guide to Owning a Happy Bengal Cat. Steve Richardson 2015-02-20 A descendant of a regular domestic cat and the wild Asian Leopard cat, the Bengal breed of cat is one of the best breeds to keep as a pet. The fact that the breed has some level of wild blood does not in any way mean that it is wild. The modern Bengal cat turns out to have a sweet temperament while still maintaining the wild appearance of the Asian Leopard cat. Breeding programs in place have gone a long way in eliminating the wildness of the Asian Leopard cat, leading to development of a breed of cat similar to any other domestic cat, except for its unique characteristics. The large, muscular and attractive Bengal breed of cat is fast becoming very popular with cat lovers across the world. Its growing popularity definitely stems from the fact that it has a sweet temperament and is a very active breed. Apart from its affection and love for human company, this breed also has a very strong personality. Its love for water, which is indeed unique, continues to amaze those who own the cat for the first time. This is one breed of cat that suits almost everyone who loves cats because it bonds very well with all family members including children. The only category of people who may find this breed inappropriate are the elderly simply because of the cat's extreme level of activity. This book will teach you how to make your Bengal cat a happy cat.
