Write Your Book in a Flash Dan Janal 2018-04-18 Write your business book without wasting time or money—a “superb” guide for executives, entrepreneurs, and thought leaders (Henry DeVries, author of *Persuade with a Story*). Write Your Book in a Flash shows how to get focused fast, so you can write your book without tearing your hair out. As with any enterprise, writing a book requires a clear system—or nothing gets finished. Unlike books that show you why you should write a book, this book actually shows you how to write a book! You’ll discover: How to write a simple outline that makes the writing process faster and easier How to get stunning testimonials to help sell your book How to find and manage beta readers who will share honest feedback before the book is

published How to research interesting ideas, stories, and facts so you never run out of ideas or information How to overcome "The Imposter Syndrome" and other limiting beliefs that stifle nearly every would-be author Clear examples that show you what to do (and what not to do) Empowering exercises that show you how to write better and faster Simple how-to steps anyone can follow to write a book Business leaders who write books get more clients at higher fees, have more impact, develop more credibility, and have more influence where it matters most: in front of clients, customers, and prospects. This is the perfect book to read if you are a thought leader, entrepreneur or business executive who wants to write a business book to build your personal brand, open doors to new opportunities, and leave a legacy of wisdom to future generations.

Head First Agile Andrew Stellman 2017-09-18 Head First Agile is a complete guide to learning real-world agile ideas, practices, principles. What will you learn from this book? In Head First Agile, you'll learn all about the ideas behind agile and the straightforward practices that drive it. You'll take deep dives into Scrum, XP, Lean, and Kanban, the most common real-world agile approaches today. You'll learn how to use agile to help your teams plan better, work better together, write better code, and improve as a team—because agile not only leads to great results, but agile teams say they also have a much better time at work. Head First Agile will help you get agile into your brain... and onto your team! Preparing for your PMI-ACP® certification? This book also has everything you need to get certified, with 100% coverage of the PMI-ACP® exam. Luckily, the most effective way to prepare for the exam is to get agile into your brain—so instead of cramming, you're learning. Why does this book look so different? Based on the latest research in cognitive science and learning theory, Head First Agile uses a visually rich format to engage your mind, rather than a text-heavy approach that puts you to sleep. Why waste your time struggling with new concepts? This multi-sensory learning experience is designed for the way your brain really works.

PMP Exam Prep Rita Mulcahy 2018 Offering hundreds of sample questions, thought-provoking exercise, and critical time-saving tips, this book will help you pass the PMP exam on your first try. Will teach you tricks of the trade for passing the exam and help you identify gaps in your knowledge.

PMP Project Management Professional Exam Review Guide Kim Heldman 2018-01-22 Essential review for the PMP exam, updated for the new PMBOK® Guide, 6th edition The PMP Project Management Professional Exam Review Guide, Fourth Edition, offers complete, concise review of essential project management concepts and practices. Covering 100% of the PMP exam objectives, this book helps you ensure your full preparation in advance of the big day. This new 4th Edition has been updated to align with the newest version of the exam, featuring changes to PMP best practices, greater emphasis on Agile and other iterative processes, as well as the evolution of the project manager's role. Organized by domain area, this handy review guide covers project initiation, planning, execution, monitoring, and closing as detailed in the new A Guide to the Project Management Body of Knowledge (PMBOK® Guide), 6th Edition, giving you clear guidance on what you need to know for the exam. You also get a year of free access to the Sybex online interactive learning environment and study tools, which features flashcards, chapter tests, two bonus practice exams, and more. PMP candidates must have extensive project management experience before taking the exam, but you cannot rely on experience alone; the PMP exam tests your understanding of critical PMP concepts and practices as laid out in the PMBOK® Guide 6th Edition; this practical review condenses the PMBOK's essential details into quickly-digestible chapters that help you prepare more efficiently. Review 100% of the exam objectives Apply PMP concepts to real-world scenarios Identify areas in need of additional review Access practice exams, flashcards, and more The PMP certification puts you in demand, and can be a major boost to your career. Regardless of your current level of experience, exam success lies in complete and thorough preparation; the PMP Project Management Professional Exam Review Guide, Fourth Edition, is your ultimate key to confidence and success. To register for access to the online test banks included with the purchase of this book, please visit: www.wiley.com/go/sybextestprep.

Situational Project Management Oliver F. Lehmann 2016-08-19 Most project managers would agree that every project is unique. But not all project managers would agree that the best way to manage a unique project is unique. Many still cling to the old practice of having a methodology that is applied to all projects. "One size fits all" is still in common use, and this approach has proven to lead to project failure. Flexibility, situational intelligence, and creativity are essential to deliver project success. The need to recognize and master ever-changing requirements and environmental conditions is a tough challenge for professional project managers. The same practices that led to success yesterday may cause failure today. Selecting favorable responses to a given situation is often the most critical factor of the dynamics of success and failure. This book is designed to help project professionals assess a situation, predict the appropriate approach, methodology and achieving styles, and then apply them in a situational fashion. To guide project managers in selecting the appropriate responses, Situational Project Management (SitPM) shows how to assess a given project, determine its unique characteristics, and select the appropriate methods to complete the project. With this book, projects managers can use SitPM to develop profiles of their projects on the basis of the projects' physical characteristics, the project teams' behavioral characteristics, the enterprise environment, and the market environments receiving project deliverables. These profiles help project managers to determine the appropriate project life cycle approach and leadership style. The book also explores various ways to engage stakeholders on the basis of a project's SitPM profile. The book's author, Oliver F. Lehmann, has developed a set of templates to apply SitPM in practice. It can be downloaded from www.oliverlehmann.com/SitPM/Templates.zip.

Project Business Management Oliver F. Lehmann 2018-07-17 Roughly half of all project managers have to lead customer projects as profit centers on contractor side with two big objectives: making the customer happy and bringing money home. Customer projects are a high-risk business on both sides, customers and contractors, but the dynamics of this business have so far been mostly ignored in literature. The book is intended to fill this gap. The book helps project managers better understand the dynamics of customer projects under contract from business development through handover and find solutions for common problems. A central aspect is international contract laws, an often underestimated factor in projects.

PMP Exam Study Guide Belinda Goodrich 2018-09-11

The PMP Exam Andy Crowe 2010-11-01 An all-inclusive, self-study guide for the PMI's Project Management Professional (PMP) certification exam, this kit provides all the information project managers need to thoroughly prepare for the test. It contains the book *The PMP Exam: How to Pass on Your First Try*; hundreds of flash cards to help with memorization of key points; a laminated quick reference guide; a six-month online subscription to the PMP course in InSite (the top PMP e-learning site); and five audio CDs featuring experts Andy Crowe, Bill Yates, and Louis Alderman discussing the main points and concepts for the exam. The included learning materials cover all the processes, inputs, tools, and outputs that will be tested, along with insider secrets, test tricks and tips, hundreds of sample questions, and exercises designed to strengthen mastery of key concepts to help you pass the exam with confidence. *PMP: Project Management Professional Exam Study Guide* Kim Heldman 2013-07 The PMP Study Guide is a comprehensive study aid for the upcoming Project Management Professional (PMP) certification administered by PMI. The book is designed to prepare readers for the PMP exam, as well as serve as a good reference for acting project

managers. The book will cover the Project Management Process and Procedures outlined in A Guide to the Project Management Body of Knowledge. 5th Edition. Readers will benefit from the detailed discussion of the wide-range of project management and exam topics, concepts, and key terms, and will present the material in a logical manner: each section builds upon previous sections and a chapter on previous chapters. The book will cover the exam outline 100%. Each chapter will include a list of topics covered in that chapter, following by in-depth discussion of those objectives, complete with hands-on Real World Scenarios and How This Applies to Your Current Project sidebars. The chapter will conclude with an Exam Essentials section and comprehensive review questions. The companion study tools include leading-edge exam prep software with test engine of practice questions and electronic flashcards. In addition, there will be over 2 hours of additional audio. Bonus Content: The book also prepares those studying for the new Certified Associate in Project Management (CAPM) program offered by PMI by including two bonus CAPM exams.

Pmp Exam Prep Simplified Andrew Ramdayal 2018-02-19 Passing the PMP Exam is no easy task, but this book can make it a lot simpler. This book contains over 500 exam like questions, full-length mock exam, and exam tips. The hot topics sections of Critical Path and Earned Value Management is well explained and will get you passing the exam on your first try. This study guide is for the PMP exam based on the PMBOK Guide 6th edition.

Real World Project Management Richard Perrin 2008-04-25 If you're a project manager, you need this guide to fill in the gaps in the PM canon. The Project Management Institute's Body of Knowledge, fails to fully explain certain PM tools and how they work, among other failures. Real-World Project Management fills in those major gaps with irreverence, wit, and wisdom. For any kind of project you're managing, this book presents the high-quality tools and tactics you need to succeed.

This guide is an effective learning aid that will take your understanding to the next level. Provides comprehensive material, covering the complete exam outline Lists chapter objectives and offers detailed discussions of these objectives Reflects differences in project management environments and approaches Effectively presents real

world scenarios, project application sidebars, and chapter review questions You'll also connect to a beneficial, on-the-go resource: an interactive online learning environment and test bank. This environment includes an assessment test, chapter tests, practice exams, electronic flashcards, and a glossary of key terms. A thorough review is the best prep for a challenging certification exam. So, get ready with this essential PMP study guide.

PMP Exam Prep 2021 & 2022 2021 "Mometrix Test Preparation's PMP Exam Prep 2021 and 2022 - Project Management Professional Certification Secrets Study Guide is the ideal prep solution for anyone who wants to pass their Project Management Professional Exam. The exam is extremely challenging, and thorough test preparation is essential for success. Our study guide includes: Practice test questions with detailed answer explanations ; Tips and strategies to help you get your best test performance ; A complete review of all PMBoK sections. PMP is a certification mark of the Project Management Institute, which was not involved in the production of, and does not endorse, this product. The Mometrix guide is filled with the critical information you will need in order to do well on your PMP exam: the concepts, procedures, principles, and vocabulary that the Project Management Institute (PMI) expects you to have mastered before sitting for your exam. PMBoK sections include: Foundational Elements ; Project Operating Environment ; Role of the Project Manager ; Project Integration Management ; Project Scope Management ; Project Schedule Management ; Project Cost Management ; Project Quality Management ; Project Resource Management ; Project Communications Management ; Project Risk Management ; Project Procurement Management ; Project Stakeholder Management ...and much more! Our guide is full of specific and detailed information that will be key to passing your exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The Mometrix PMP study guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answer explanations, and that's another area where our guide stands out. The Mometrix test prep team has provided plenty of PMP practice test questions to prepare you for what to expect on the actual exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped hundreds of thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for Mometrix Test Preparation guides, and our PMP Exam Prep 2021 and 2022 - Project Management Professional Certification Secrets Study Guide is no exception. It's an excellent investment in your future. Get the PMP review you need to be successful on your exam." --

Integrating Program Management and Systems Engineering 2017-02-21 Integrate critical roles to improve overall performance in complex engineering projects Integrating Program Management and Systems Engineering shows how organizations can become more effective, more efficient, and more responsive, and enjoy better performance outcomes. The discussion begins with an overview of key concepts, and details the challenges faced by System Engineering and Program Management practitioners every day. The practical framework that follows describes how the roles can be integrated successfully to streamline project workflow, with a catalog of tools for assessing and deploying best practices. Case studies detail how real-world companies have successfully implemented the framework to improve cost, schedule, and technical performance, and coverage of risk management throughout helps you ensure the success of your organization's own integration strategy. Available course outlines and PowerPoint slides bring this book directly into the academic or corporate classroom, and the discussion's practical emphasis provides a direct path to implementation. The integration of management and technical work paves the way for smoother projects and more positive outcomes. This book describes the integrated goal, and provides a clear framework for successful transition. Overcome challenges and improve cost, schedule, and technical performance Assess current capabilities and build to the level your organization needs Manage risk throughout all stages of integration and performance improvement Deploy best practices for teams and systems using the most effective tools Complex engineering systems are prone to budget slips, scheduling errors, and a variety of challenges that affect the final outcome. These challenges are a sign of failure on the part of both management and technical, but can be overcome by integrating the roles into a cohesive unit focused on delivering a high-value product. Integrating Program Management with Systems Engineering provides a practical route to better performance for your organization as a whole.

PMP: Project Management Professional Study Guide Kim Heldman 2006-02-20 Whether you're a current project manager seeking to validate the skills and knowledge acquired through years of practical experience or a newcomer to the PM field looking to strengthen your resume, the PMP® certification from the Project Management Institute (PMI®) provides you with the means to do so. PMP Project Management Professional Exam Deluxe Study Guide

Kim Heldman 2015-12-14 Handbook to aid candidates in preparation for the Certified Associate in Project Management (CAPM) exam.

Ask a Manager Alison Green 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*
